Summary

Hi, I'm a freshman CS student at VIT Vellore who loves turning wild ideas into working code. Shipped 3 projects in my first 60 days on campus—exploring computer vision, audio stream processing, and scripting tools. I actively look for real-world solutions to real-world problems, constantly learning new stacks on the fly, and looking for opportunities to build impactful software.

Technical Skills

Languages: Python, Java, HTML5, CSS3, JavaScript
Frameworks & Libraries: MediaPipe, Web Audio API
Developer Tools: Git, GitHub, VS Code
Core Competencies: Computer Vision, Signal Processing, Scripting & Automation, UI/UX Design

Projects

Vision-Based Gesture-Driven Meme Generator | *HTML5, CSS3, JavaScript, Google MediaPipe Hands SDK, MediaPipe Drawing Utilities*
GitHub

- Analyzes hand gestures and shows the "meme" image equivalent.
- This is a light-weight application that uses Google's MediaPipe Hands to track the user's hand real-time and analyze the gestures based on pre-programmed metrics

Chemistry Lab Calculations Automation Tool | *Python* GitHub

- Automated program for complex chemistry lab experiment calculations designed for a specific course for VIT Vellore.
- This project automates labour-intensive and tedious calculations involved in certain chemistry experiments.

Acoustic Data Transmission | *HTML5, CSS3, JavaScript, Web Audio API, Signal Processing* GitHub

- Created during the Google Developer Groups DevJams'26 48-hour hackathon at VIT Vellore to bridge isolated devices without Wi-Fi, Bluetooth, or physical cables through sound waves.
- Implemented signal encoding/decoding algorithms (Goertzel Algorithm) to reconstruct raw data packets from microphone audio input with checksum and encryption guardrails.

Education

Vellore Institute of Technology (VIT), Vellore, Tamil Nadu *2026 – 2030 (Expected)*
B.Tech in Computer Science and Engineering

Kamal Delhi Public School, Lucknow, Uttar Pradesh *2026*
Class X (CBSE) – Score: 80%

City Montessori School, Lucknow, Uttar Pradesh *2024*
Class X (CBSE) – Score: 96%
